

THE BASIC IDEA

We install a breath analyzer on your vehicle that is electronically connected to the ignition. The device is about the size of a cellular phone.

When you blow into the unit for several seconds, it measures your breath alcohol level and compares it with predetermined limits. If your breath alcohol concentration (BrAC) is over the authorized limit, your vehicle will not start.

If your BrAC is within the allowable range, you're on your way. Then, as you're driving, you will be required to take periodic "rolling retests."

Once a month, or bi-monthly if you prefer, you will take your vehicle to a local Smart Start Service Center. There, our certified technicians will service the interlock device, schedule your next appointment and accept your monthly lease payment.

SMART START: A BETTER EXPERIENCE

Founded in 1992, Smart Start® is the nation's leader in ignition interlock services.

How did we become # 1?

By consistently providing excellent service and the latest technology. And, by treating our customers as valued clients.

So when you have a choice, go where you're #1: Smart Start.

"The people at Smart Start went above and beyond to help me. All I ever had to do was call the 800 number, and they would cheerfully take care of my question or request"

-BOB S.
Riverside, California

HOW TO GET STARTED

- See the enclosed list of Smart Start service centers to find the location that's most convenient for you.
- Call 1-800-880-3394 TOLL-FREE to schedule your installation appointment.
- Bring a copy of any paperwork specific to your interlock requirements, proof of address and photo identification with you to the installation.
- Allow one and a half hours for installation of the device on your vehicle.
- At that time, we'll explain how to use the device, service requirements and what to do if you have any problems or questions.
- Sign your contract and pay for the first month's lease.
- Find additional information on our Web site: www.SmartStartofCalifornia.com

"When the interlock was ordered, I was angry and expected the worst. But people at Smart Start were helpful and treated me with respect. They've helped me get back on track."

-PHIL R.
Sacramento, California
